

AUTORITATEA NAȚIONALĂ DE REGLEMENTARE ÎN DOMENIUL ENERGIEI

CABINET PREȘEDINTE

Către

S.N.T.G.N. TRANSGAZ S.A.

Domnului director general Ioan RUSU

Referitor: puncte de intrare/ieșire ce urmează să fie folosite pentru aplicarea prevederilor Codului Rețelei pentru SNT

Având în vedere obligativitatea aplicării Codului Rețelei pentru sistemul național de transport al gazelor naturale, aprobat prin Ordinul ANRE nr. 54/2007, cu modificările și completările ulterioare, începând cu data de 1 iulie 2009, în vederea derulării contractelor de transport cu respectarea prevederilor acestui act normativ veți utiliza punctele virtuale de intrare/ieșire din SNT implementate în acest moment pe platforma informatică GMOIS.

Reprezentanții SNTGN Transgaz SA împreună cu utilizatorii de rețea și cu partenerii acestora, sub directa coordonare a reprezentanților ANRE vor finaliza în termen de 30 de zile criteriile de grupare a punctelor fizice în puncte virtuale, ulterior urmând să fie aprobată de către ANRE lista finală a punctelor de intrare/ieșire ce vor fi folosite pentru derularea operațiunilor prevăzute de Codul Rețelei.

Pentru informarea corespunzătoare a tuturor participanților la piața de gaze naturale vă solicităm să dispuneți publicarea pe pagina de internet a SNTGN Transgaz SA a listei conținând punctele virtuale de intrare/ieșire ce urmează să fie folosite începând cu data de 01.07.2009 și informarea utilizatorilor de rețea și partenerilor acestora, în cel mai scurt tip posibil.

VICEPREȘEDINTE
